THE ARK IS NOW CLOSED

A little bit about us...

Kim's Ark rescues unwanted rats (sometimes mice and other small animals, as well) and provides them with vet care and a loving foster home. The rats are socialized with both people and other rats, getting them ready for their new homes and their new lives as pampered pets!

If you are wondering why someone would care so much about rats please take some time to learn about these clean, intelligent, gentle, playful, loyal, and highly misunderstood animals. You may want to start by taking a look at some of the information and links in our rat info section.

Kim's Ark is not affiliated with any organization and relies solely on private donations. Please consider making a donation - monetary, supplies, or service... We are registered with iGive.com so you can help Kim's Ark simply by shopping at your favorite online stores - at no extra cost to you! Check out our Donate or Volunteer pages for more information on helping the rescue effort.

If you're looking to buy some fun rat stuff to benefit Kim's Ark please check out the Ark Store. From custom painted rat treat jars (made by Kim!) to hand-sewn hammocks to Harlan rat food and bedding, you'll find some great rat products here! You can even purchase your own copy of Debbie "The Rat Lady" Ducommun's must have Rat Health Care Booklet!

Even better yet, check out the Available Rats page for more information and adopt your very own little cutie! Make sure to review the details of our adoption policy.

Lastly, take a second to check out the adopted rats section to see some of our success stories and adorable pictures - this is what rescue is all about!!

THANK YOU to everyone who has helped to make Kim's Ark a success!
